

## Dimension

## Installation

1. Fit the "O" ring into the groove on the underside of the mixer body.
2. Screw and tighten two flexible hose into the mixer body.
3. Loosen the nut from stud and screw the stud into the base of mixer.
4. Pass the flexible hoses and stud through the hole in basin. Slide the black washer and metal plate onto the stud. Then screw on the nut and tighten the mixer on basin.
5. Install Plug & Chain waste:
  - a) There is a small tip screw on the top of waste chain.
  - b) Screw on the tip screw into the chain hole on the backside of tap.
  - c) Put the nut back to screw and tighten it on the backside of basin.
  - d) Insert the plug waste in the basin waste hole and tighten.
  - e) Shear the chain if it's too long in your basin.

## Maintenance

We do NOT recommend you use any household cleaners to clean the product. Because these cleaners change substance or formula too frequently. The product should be always cleaned only with soapy water and rinsed with clean water and dried with a soft cloth.

**NOT INCLUDED IN THE TAP BOX**
