

## Dimension

## Installation

1. Fit the "O" ring into the groove on the underside of the mixer body.
2. Screw and tighten two flexible hose into the mixer body. Loose the nut from stud and screw the stud into the base of mixer.
3. Pass the flexible hoses and stud through the hole in bidet. Slide the black washer and metal plate onto the stud. Then screw on the nut and tighten the mixer on bidet.
4. Install Pop-Up Waste:
  - a) Remove the Pop-up control rod decorative head. Screw two pop-up control rods together by nut. b) Insert the Pop-Up control rod into the mixer body from underneath the bidet. c) Insert the pop up waste on the bidet and tighten. d) Insert the horizontal control rod into the waste, and tight the ball joint retainer to make sure the ball with two washers on both sides are fix with the waste. e) Connect the pop-up control rod with the horizontal control rod. f) Test the pop-up waste function, adjust the connection between pop-up control rod and horizontal control rod, or the ball joint retainer if necessary. Put back the Pop-up decorative head.

## Maintenance

We do NOT recommend you use any household cleaners to clean the product. Because these cleaners change substance or formula too frequently. The product should be always cleaned only with soapy water and rinsed with clean water and dried with a soft cloth.
